MEMORANDUM FOR: Director of Computer Services

SUBJECT : Responsibility for Plotter
Operation and Support

REFERENCE : Your Memorandum to Me, Same
Subject, Dated 18 October
1968

1. I have attached response by Director, Basic and Geographic Intelligence to your memorandum on this subject. His memorandum addresses the key points you raised and affirms full acceptance of the responsibilities involved. His response has been reviewed and approved by the DDI.

2. With these issues resolved, it would appear that we can now proceed with an orderly transfer of the plotter from OCS to OBG. If we can be of any further assistance please feel free to call. *

* Re contingency planning, should the plotter not get through acceptance testing: neither OCS nor OBG have FY 69 budget money for a different plotter. D.D. did not include contingency funds in yesterday's unfunded FY 69 requirements paper to the Comptroller, DD/S&T since [redacted] stated to me that should a contingency need arise, the DDI would take care of it.
